RE: Ordinance to Authorize Additional MMFLA Provisioning Centers and
Scheduling of Postponed Provisioning Center Applications

Dear Township Board Members:

Per your directive at the June 28th meeting, provided with this letter for possible introduction at the July 12th meeting is an Ordinance Amendment that would authorize 2 additional Provisioning Center Licenses in the Township. Just to confirm, having this prepared and placed on the Agenda did not commit you to actually introducing the Ordinance and scheduling it for possible adoption.

Whether you vote to introduce the ordinance and schedule it for adoption should determine what to do with the remaining 11 Provisioning Center Applications that were postponed at the June 28th meeting. If you vote to introduce, you will not need to take any action to schedule those postponed Applications for further consideration until after the Ordinance has been adopted (assuming that were to occur.)

If this Ordinance is not introduced (meaning it will not be considered for adoption), on July 12th you should schedule the 11 postponed Applications for the Board meeting on August 9, 2021. That would be to consider denials because there are no more Provisioning Center Licenses available. August 9th is suggested because the 10 business days allowed for the 2 approved Provisioning Center Applicants to accept the conditions on their approvals will not have expired by the July 26th Board meeting. Making sure that time has lapsed is important. If a successful Applicant does not accept the approval conditions within the time allowed, the approval is void, meaning that the license would again be available.

Very truly yours,

ROSATI SCHULTZ JOPPICH
