The applicant is proposing to change from a licensed Medical Marihuana Provisioning Center to a mixed use Medical Marihuana Provisioning Center and Licensed Marihuana Retailer. This would allow them to offer retail sales of marihuana, marihuana products, and accessories to adults, 21 years of age or older, without requiring them to be registered medical marihuana patients.

Zoning District Compatibility

Per Section 3-705.3.R. & U., Medical Marihuana Provisioning Centers and Licensed Adult Use Marihuana Retailers that comply with the applicable regulations in Section 2-605 are a principle permitted uses within this district.

The approved site plan for the subject zoning lot possesses the parking capacity needed to serve the proposed change of use, and provides appropriate buffering and screening between the subject property and adjacent uses.

The site is in compliance with the requirements for landscaping, non-motorized pathways, lighting, parking, and protected property distance established by its site plan. These requirements were reviewed as part of the property's previous site plan review.
