

Waterford Township Library  
Rain Garden  
Planting Plan

1" = 4'

Key to plants:

- Aj: Ajuga 24
- Am: Amorpha 1
- BEG: Blue-eyed grass 22
- Ca: Camassia 30
- CF: Cardinal flower 5
- DCat: Dwarf cattail 3
- DH: Dwarf hibiscus 1
- GBL: Great blue lobelia 5
- Ge: Gentian 12
- Go: Goldenrod hybrid 6
- Hi: Hibiscus 1
- Msw: Meadowsweet 12
- SwaMi: Swamp milkweed 3
- TH: Turtlehead 5
- Ve: Veronicastrum 9

Waterford Library Rain Garden

Plants needed:

Ajuga, large-leaf variety perhaps Bronze Beauty or Caitlin's Giant

Amorpha, *A. frutescens*

blue-eyed grass, *Sisyrinchium angustifolium*

camassia, *C. x 'Blue Danube'*

Cardinal flower: *Lobelia cardinalis*, species not a variety

Dwarf cattail: *Typha compacta*

Dwarf hibiscus: Variety of *Hibiscus mouschetous*, 3' or shorter

Great blue lobelia: *L. siphilitica*

Gentian: *Gentiana andrewsii* "closed gentian/bottle gentian" native species

Goldenrod: dwarf form or species, such as Little Lemoon, Goldenmosa or Baby Gold

Hibiscus: improved hybrid of *Hibiscus moscheutos*, perhaps with dark leaf, such as Summer Storm or Midnight Marvel

Meadowsweet: *Filipendula hexapetala* or *F. vulgaris*

Swamp milkweed: *Asclepias incarnata*, perhaps variety 'Monarch Strain'

Turtlehead: *Chelone obliqua*

Veronicastrum: culver's root, *V. virginicum*
